Premium Scissor Lift Trolleys

Usage

Excellent for use as a lifting platform for heavy goods or for a mobile workbench which can be adjusted to suit your height and minimise the incidence of injuries.

Features & Benefits

- Castor wheels for easy transport and positioning
- Positive braking system on rear castors, keeps the trolley in place whist working from the platform
- Overload valve ensures weight limit is not exceeded
- Special hydraulic valve lowers the loads slowly
- Easy to clean and maintain

Specifications

Model 13300095

Dimensions: 820mmL x 450mmW
Platform Size: 700mmL x 450mmW
Lift Height Range: 250 - 755mm
Load Capacity: 150kg
Unit Weight: 33kg
Castor Size: 100mm diameter, 30mmW

Model 13300095

Dimensions: 970mmL x 500mmW
Platform Size: 800mmL x 500mmW
Lift Height Range: 312 - 900mm
Load Capacity: 300kg
Unit Weight: 73kg
Castor Size: 130mm diameter, 40mmW

Model 13300099

Dimensions: 1230mmL x 550mmW
Platform Size: 10800mmL x 550mmW
Lift Height Range: 320 - 1000mm
Load Capacity: 800kg
Unit Weight: 118kg
Castor Size: 150mm diameter, 40mmW
